- 11 Rocks (I used this rocks but I developed it. - You can download old version for free: <https://gumroad.com/l/hWpXo>)
- 1 Cliff

Road:

- Tunnel Parts
- Bridge Parts
- Guardrails
- Road Meshes

Static Mesh

99 items

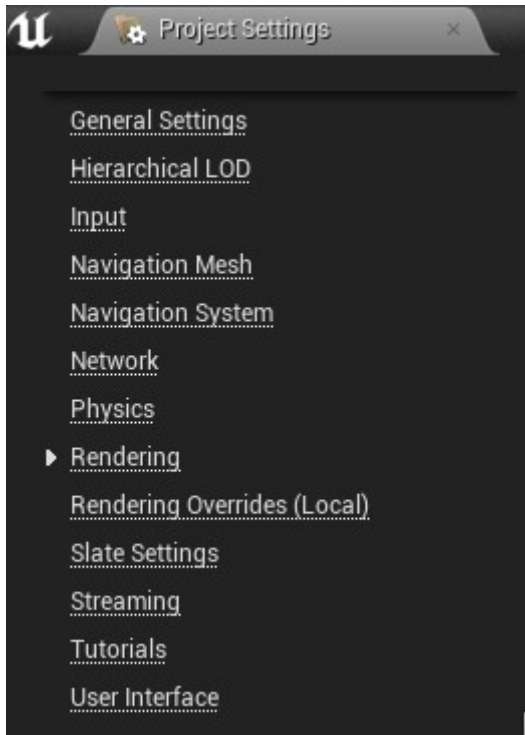

View Options

Notes:

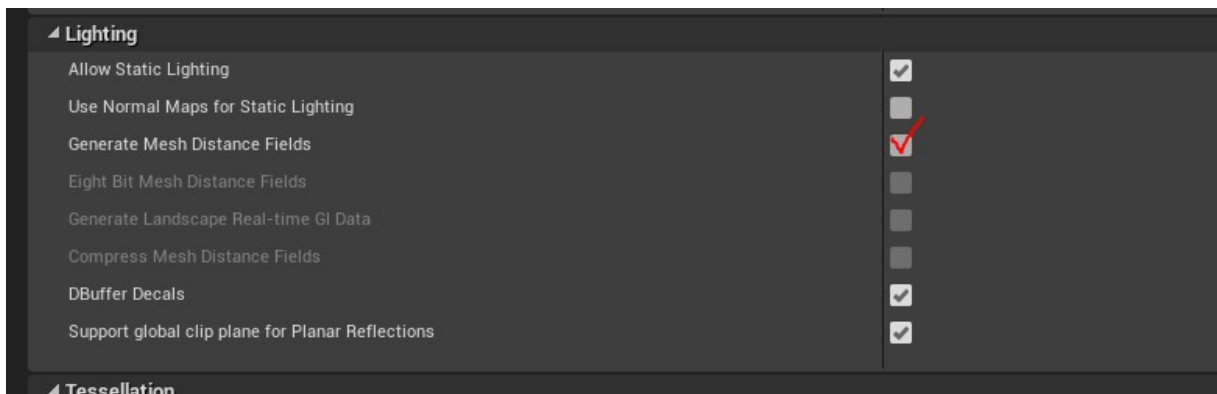

*// - DISTANCE FIELD SHADOWS:

You can open it on Projects Settings.

1. Edit > Project Settings

2. Mark for the Generate Mesh Distance Fields

3. If you want to use the Distance Field Shadows, I have a profile for that.

Just follow the steps:

***// - LIGHT PROPAGATION VOLUME - (LPV):**

I recommend that need to use for the open world and natural environment.

- How can I open and use the LPV?

<https://docs.unrealengine.com/en-us/Engine/Rendering/LightingAndShadows/LightPropagationVolumes>

***// - ANTI-ALIASING SHARPEN - CONSOLE COMMANDS:**

I've learned this information on Unreal Engine Forum. It might be awesome that you use these commands.

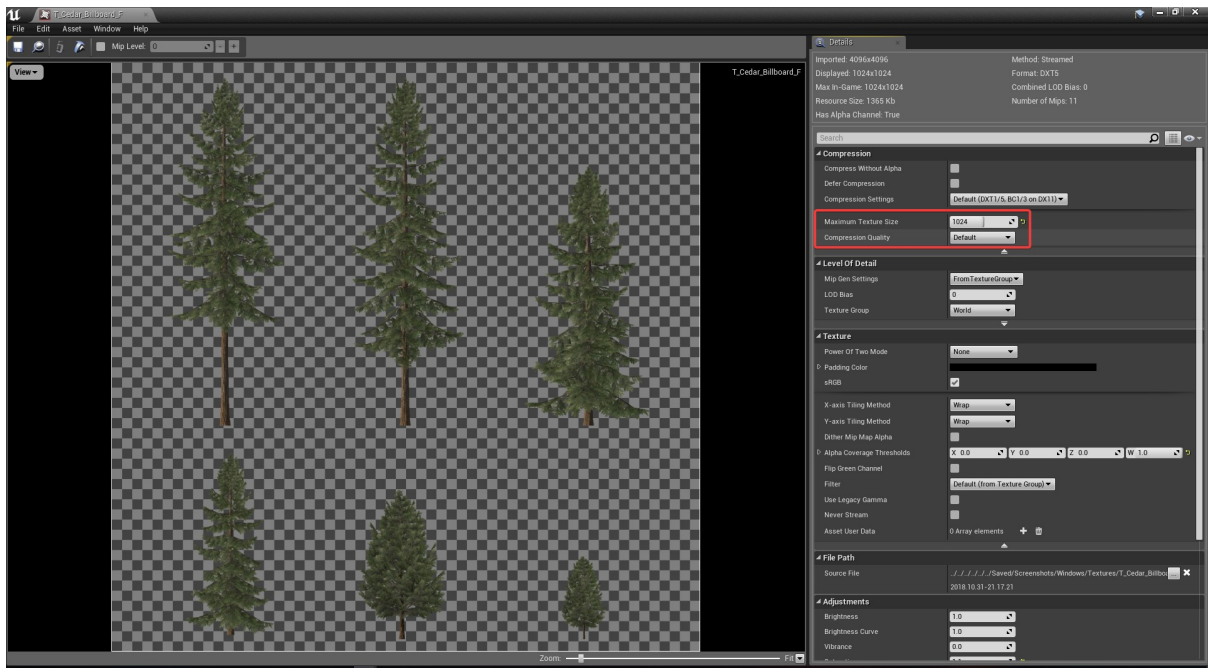

Source: <https://forums.unrealengine.com/development-discussion/rendering/106829-sharp-temporal-aa/page3>

```
r.TemporalAACurrentFrameWeight 0.1  
r.TemporalAASamples 4  
r.Tonemapper.Sharpen 0.5
```

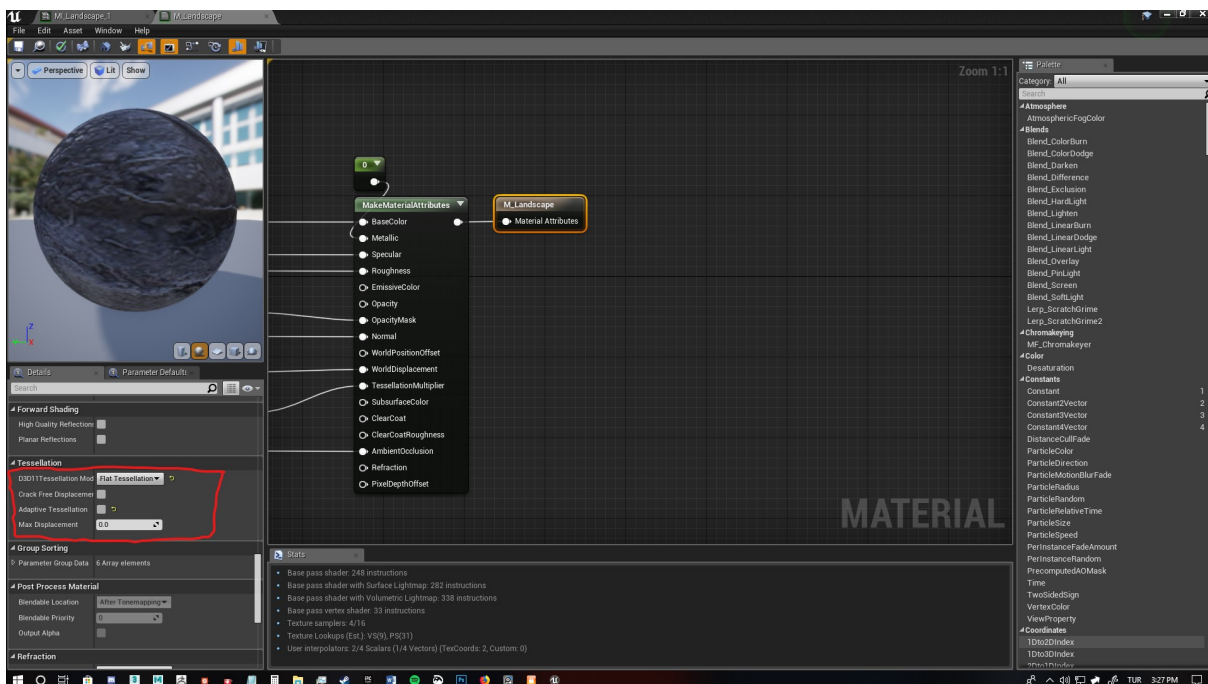

- How can use that commands?
